

EMERGENCY RESPONSE

TRADEBE's Emergency Response Team is trained, equipped and ready to respond to HazMat, Oil Spills and other Emergencies.

For nearly 40 years, TRADEBE has been trusted to provide emergency response services.

This experience means our customers are assured that TRADEBE's expert teams are capable of handling their emergencies in the safest, most efficient way possible.

TRADEBE works closely with customers to directly manage all aspects of the incident to assure that the incident is properly contained and any resulting waste is removed safely.

A Recycling & Energy Recovery Company

TRADEBE - We'll be there when you need us!

Quality Service

TRADEBE's unmatched quality of services is based not only in our level of experience; but also in our aim to exceed our customers' expectations and requirements.

Rapid Response

TRADEBE's Emergency Response Team is on call to respond quickly for immediate site evaluation and action.

Full Site Coordination

TRADEBE can serve as your single point of contact for full coordination of response and remediation on any emergency incident. TRADEBE's experience in communication with Federal, State and local authorities means that your contingency plan and TRADEBE's response plan are followed.

Regulatory Notification

TRADEBE delivers both verbal and written notification to all required regulatory authorities. In addition, we assist in negotiating final clean up and remediation requirements.

Sustainable Waste Management

TRADEBE offers sustainable waste management... We seek the "greenest" waste solution possible - with the priority on recycling and recovery first!
